

AREAS OF APPLICATION

LED SMD Strip 50M

TECHNICAL OPERATING & ELECTRICAL DATA

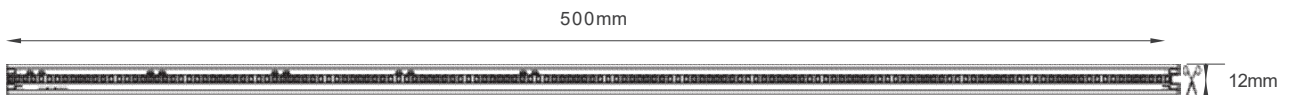

IP Rating	IP65
Body Color	White
Body Material	PVC
CRI	80
Lumen	From 800-900lm/M+/-10%
Voltage	220-240V
Frequency	50/60Hz
Cutting Unit	500mm
Beam Angle	120°
Dimmable or Not	No
Directional or Non Directional	Non Directional
Fixed or Adjustable	Adjustable
LifeSpan	20000hrs
CCT	3000K/4000K/6500K

SPECIFICATIONS

- Low energy consumption and super brightness.
- Fire resistant PVC protection, anti-yellowing, with good heat-resistance and insulation. Safe to use.
- Soft and flexible, easy to bend.
- Easy to install. Directly connected to 220V AC to use.

DIMENSIONS

HIGH BRIGHTNESS
220V LED 2835 strips

- White Light
- Neutral Light
- Warm Light
